

# MSRI National Association of Math Circles (NAMC) Grants Now Accepting Applications!

The Mathematical Sciences Research Institute (MSRI) is now accepting applications for 3 different NAMC Grants: Seed Grants, Continuing Program Grants and Exchange Grants.

## Seed Program / Continuing Program Grants:

Seed program / Continuing program grants are available for up to \$2,000.00 to help form or expand Math Circle programs. For example, these funds may be used as stipends for session instructors or for program supplies.

### ***To apply for Seed Program/ Continuing program Circle Grant***

Send an e-mail with the following information to [associatedirector@msri.org](mailto:associatedirector@msri.org)

- When the Math Circle was originally formed (or when will it start).
- The audience of the Circle e.g. *teachers, enriched students in grades 6-8, students recruited from Central High School.*
- Location and the number of meetings planned for 2011-2012.
- Key personnel and background.
- Several planned session topics.
- Continuing grants require that final reports are on file AND the url of a new lesson plan uploaded to the NAMC web site by the Circle director.
- How, should the grant be funded, a check would be completed and mailed.

## Math Circle Exchange grants:

Circle Exchange Grants provide up to \$500 to offset travel expenses for a Math Circle leader from one Circle to visit/lead a different Host Circle.

***To apply for a Circle Exchange Grant,*** Send a bio/cv of the leader along with a description of the host Math Circle to [associatedirector@msri.org](mailto:associatedirector@msri.org) The Host Circle must be registered with the NAMC.

---

**In order to receive grant funding a Circle must be registered with the NAMC.**

**To register a Circle or add a lesson,** first register for a user account. <https://www.mathcircles.org/user/register>

After you have registered for a user account and signed into that account you will be able to add your Math Circle by visiting: <https://www.mathcircles.org/node/add/mathcircle>

## Registered Math Circle programs may be found on [mathcircles.org](http://www.mathcircles.org)

Math Circle list: [http://www.mathcircles.org/Wiki\\_ExistingMathCirclePrograms](http://www.mathcircles.org/Wiki_ExistingMathCirclePrograms)

US / Canada Math Circles map: [https://www.mathcircles.org/FindAMathCircleNearYou\\_USMap](https://www.mathcircles.org/FindAMathCircleNearYou_USMap)

**Lesson Plans** may be searched & added at <http://www.mathcircles.org/content/lesson-plans>

---

Grant Applications will be accepted year round, but most money will be awarded in Sept.  
Apply Soon!
