Q3: Please describe any activities of your SIGMAA at JMM, MathFest, or MAA section meetings.

At the 2015 Joint Mathematics Meeting, POMSIGMAA sponsored a contributed paper session, "Discovery and Insight in Mathematics", organized by Dan Sloughter and Bonnie Gold. The topic drew enough interest from contributors that we had two sessions, with a total of 11 speakers (though one had to withdraw due to illness). Matt Jones, of California State University Dominguez Hills, gave the POMSIGMAA Invited Address, "Mathematical Authority and Inquiry-Based Learning."

MathFest 2015 was the celebration of the Centennial of the MAA. Due to the historic nature of the meeting, it was joint with the Canadian Society for the History and

Philosophy of Mathematics, and the British Society for the History of Mathematics. POMSIGMAA and HOMSIGMAA helped organize the sessions that ran throughout the meeting. In particular, there was a special session on the philosophy of mathematics on Thursday afternoon, with 5 speakers scheduled (although one did not appear), followed by the POMSIGMAA Invited Address given by John Burgess, of Princeton University, on "What are mathematical objects, and who cares?"
